

Discover the next level of productivity.

Kyocera's A4 Black & White devices offer faster processing, effortless setup, and easy integration into digital workflows.

ECOSYS MA4000wifx Series

A4 B&W Printers and MFPs

Up to 40 pages per minute

1200x1200 dpi resolution

Enhanced security features

Get to know the main features of our ECOSYS range

Our ECOSYS MA4000wifx Series, featuring three A4 Black & White multifunction devices and two printers, embodies Kyocera's core values of customer-centricity and constant innovation. They are designed to optimise document management for contemporary companies and help them overcome modern business challenges.

This line offers four core benefits to end users →

Greater levels of productivity

Less waiting times: High processor speeds and more memory - users benefit from shorter waiting times when printing PDFs and scanning duplex documents.

Efficient scanning: With Dual Scan and Continuous Scan functionality as standard, users can scan large documents in one go.

Enhanced adaptability: Precision enhancements, such as auto-cropping options and text clarifying functionality, allow users to get the job done right first time.

Easy-to-manage fax: The fax preview feature and dedicated fax-only tray mean users can manage faxes in an efficient and sustainable manner.

Technology built to last: Long-lasting components ensure the durability and reliability of devices.

Go paperless with HyPAS™ and other software

Wide range of customisation options:

The MA4000wifx is compatible with HyPAS™, a Kyocera-developed software platform that expands your MFP's core capabilities with powerful customisation.

Workflow integration: With HyPAS™, paper documents are cost-effectively routed into an efficient digital workflow.

Connect to the Cloud: All models in the ECOSYS MA4000wifx series are compatible with Kyocera Cloud Access, which means that digital workflows can span remote work locations.

Application compatibility: Compatible with mobile Kyocera Apps: Mobile Print, MyPanel, and KYOCERA Print Center. Android users can connect with KYOCERA Print Service Plugin.

Effortless device setup

Wireless capability: 2.4GHz / 5GHz wireless capability so devices integrate seamlessly into the existing office technology environment.

Tools to get the job done: The Kyocera Printer Setup Tool configures connectivity across all your devices.

Focus on your high-priority tasks: With ECOSYS, you can work more efficiently so you have more time to live your life.

Benefit from sustainability

Reliability you can count on: ECOSYS-based technology provides reliable imaging solutions with durable long-life components, economical running costs, and less waste during their lifetime.

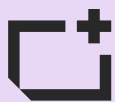

Lower service requirements: Device durability means fewer technicians on the roads, decreasing carbon emissions.

Reduce power usage: The fuser technology used in this line provides power saving benefits, reducing environmental impact.

Over 6% recycled plastic: Kyocera reduces waste by using post-consumer recycled materials in MA4000wifx Series.

More benefits of our ECOSYS technology

Higher replacement toner yield

While maintaining the same footprint, these devices offer an improved toner yield from 7,200 pages to 10,000 pages.

Increased memory capacity

Offering standard 2GB memory on the MA4000wifx, standard 1GB on the MA4000fx and MA4000x, and standard 512MB on the PA4000wx and PA4000x.

Robust security updates

Equipped with the latest security advancements, such as the optional Trusted Platform Module (UG-50), so data, networks, and devices are protected and companies can copy, print, scan, and share files with peace of mind.

Enhanced operational efficiency

The ECOSYS MA4000wifx is fitted with a 4.3" TSI screen with an updated user interface, making it simple, intuitive, and efficient. The other models in this series have a 5-line LCD display for optimum accessibility.

The new ECOSYS devices

Kyocera's latest ECOSYS devices provide customers with more features for the same footprint as previous models, enhancing productivity and efficiency in the office.

ECOSYS MA4000wifx

-  A4 monochrome multifunctional printer
-  Prints up to 40 pages per minute
-  Print, copy, scan, and fax functionality
-  Optional HyPAS™ solution platform for powerful customizations

Enjoy internet connectivity and an improved user interface. Offering fast printing speeds and excellent output quality, this versatile MFP enhances productivity while keeping printing costs low. This all-rounder is designed to keep up with the demands of large organisations, supporting Wi-Fi Direct for optimal flexibility.

ECOSYS MA4000fx

-  A4 monochrome multifunctional printer
-  Prints up to 40 pages per minute
-  Print, copy, scan, and fax functionality
-  Enhanced security and efficiency compared with previous models

Print, scan, copy, and fax at lightning speeds. With multifunction abilities, this device has it all; it's sustainable, high-speed, and here to revitalise your office. Its compact design means this device complements any office space, taking up the same footprint as older models but offering improved functionality and user experience.

ECOSYS MA4000x

-  A4 monochrome multifunctional printer
-  Prints up to 40 pages per minute
-  Double-sided-print, copy, and scan functionality
-  Exceptionally low printing costs in its class

Transform your workflows with our secure and reliable MFP. Built to last with long-life parts, this robust and reliable device is the perfect addition to busy workplaces that rely on high uptime and fast, quality outputs. With a very short wait to first print or copy, users enjoy more efficient printing.

ECOSYS PA4000x/wx

-  A4 Black & White printers
-  Prints up to 40 pages per minute
-  1200 x 1200 dpi resolution
-  USB and network connectivity

A feature-rich printer offering more for less. Providing everything from a high paper capacity and Wi-Fi connection in the case of the PA4000wx to duplex printing and compact design, these printers represent a new era of ECOSYS. Highly reliable due to long-life parts, with rapid print speeds and a low total cost of ownership.

Kyocera Document Solutions has championed innovative technology since 1934. We enable our customers to turn information into knowledge, excel at learning and surpass others. With professional expertise and a culture of empathetic partnership, we help organizations put knowledge to work to drive change.
